Shanghai Phoenix Communication & Technology Co., Ltd. Receives ISO 13485:2003 Certification

Wood Dale, IL– January 2014 – The Phoenix Company of Chicago is pleased to announce its Shanghai, China facility’s quality management system is certified compliant with the requirements of ISO 13485:2003 (EN ISO 13485:2012) quality standard for manufacturers of medical devices.

Shanghai Phoenix was also re-certified for the ISO 9001:2008 quality management standard. Both certifications signify Phoenix’s commitment to providing products and services with attention to quality, safety, consistency, and customer satisfaction.

About ISO 13485:2003

ISO 13485:2003 specifies requirements for an organization’s quality management systems to demonstrate a commitment to customer requirements, safety, and quality of medical devices and adhere to regulatory requirements for the manufacturing, assembly, and distribution of medical devices.

Shanghai Phoenix Communication & Technology Co., Ltd. received ISO 13485:2003 and ISO 9001:2008 certifications from SGS United Kingdom Ltd. SGS is accredited under UKAS Management Systems.

About Shanghai Phoenix Communication & Technology Co., Ltd.

Shanghai Phoenix is a designer and manufacturer of RF/Microwave Blindmate Contacts, Connectors, and Cable Assemblies for the Medical, Public Safety, Telecommunications, and Test and Measurement markets. Under the guidance of its parent company, The Phoenix Company of Chicago, Shanghai Phoenix displays a successful history of providing interconnect technology and low cost solutions to global customers. Shanghai Phoenix adheres to a strict commitment of continuous improvement, dedication to customers, and determination to offer superior products; consistent in quality and competitive pricing.

The Phoenix Company of Chicago's newest product lines include: High Mating Cycle RF Contacts; rated to 60,000 mating cycles, an array of High Density RF Contacts and Housings, and the expansion of the PkZ® series of Blindmate Constant Impedance Contacts of varying sizes, frequencies, and non-magnetic materials.

For more information, please contact The Phoenix Company of Chicago at (800) 323-9562.
